Children's Emergency Department drop-off and pick-up is off E 25th Street.

For additional information, visit Children's Web site: [www.childrensmn.org](http://www.childrensmn.org)

### Children's - Minneapolis is Expanding

Development during 2008-2011 will include a completely renovated hospital, as well as the opening of Children's Specialty Center and a new parking ramp across Chicago Avenue. Children's Emergency Department has relocated to East 25th Street.

Beginning in October 2009 we will no longer have first floor entrance access point to the hospital. Please enter through one of the parking ramps or drop off at Children's Specialty Center.

During this period, families and visitors to Children's may experience construction or detours around the campus. To check on current conditions before your visit, please contact Children's Welcome Center at (612) 813-6000 or our Web site, [www.childrensmn.org](http://www.childrensmn.org). We apologize for any inconvenience and look forward to caring for your family.

### Photo ID Badge

To help create a safe and welcoming environment at Children's, all adults (16 and older) must wear a photo ID badge while in the hospital. Please stop at the Welcome Center to receive a badge.

### Cellular Telephones

Cellular telephones can interfere with normal operation of medical equipment. To avoid any problems, cellular telephones must be powered off in ICC, IMC, NICU, PICU, special diagnostic center, and within three feet of a patient's medical equipment in other areas of the hospital.

### Our Mission

Children's Hospitals and Clinics of Minnesota champions the special health needs of children and their families. We are committed to improving children's health by providing high-quality, family-centered pediatric services. We advance these efforts through research and education.

Children's is proud to be a smoke-free campus.

### Children's Respiratory & Critical Care Specialists, PA.

### Children's Specialty Center

2530 Chicago Ave South, Suite 400
